

BADAKHSHAN AREA

- 1. Faizabad. White buildings are military installation. Kokcha River in foreground. Facing NE.
- ✓ 2. Bridge on main highway at Faizabad. During annual floods, water washes over top of bridge, completely submerging the bridge, suspending all traffic.
- 3. Kokcha River looking downstream from Faizabad.
- ✓ 4. Faizabad from road leading eastward along north side of Kokcha River, facing NW.
- ✓ 5. Faizabad from the east, looking NW. Kokcha River is out of sight to the left.
- 6. Road just east of Faizabad. Opium poppies growing in field at side of road.
- 7. Kokcha River at Faizabad in June, just as it was starting to rise in its annual flood season.
- X 8. Typical Hindu Kush terrain showing naked alluvial hills. Looking northwest from Faizabad.
- ✓ 9. Road along Kokcha River enroute to Faizabad. Road is subject to flooding during brief periods of high water.
- ✓ 10. Bridge on main highway in Badakhshan, typical of many bridges in this mountainous area.
- ✓ 11. Village somewhere east of Taliqan enroute to Badakhshan, typical of terrain east of Taliqan.
- ✓ 12. Village somewhere east of Taliqan enroute to Badakhshan, typical of terrain east of Taliqan.
- 13. Kunduz, facing east. Dry moat surrounds city.
- ✓ 14. Kunduz River at Kunduz, facing NW.

MAZAR-I-SHARIF AREA

- 15. Tashkurgan market scene.
- ✓ 16. Mazar-i-Sharif, central business district, mosque in background, facing NE.
- 17. Mosque at Mazar-i-Sharif, facing SE in late afternoon.
- ✓ 18. Aq Chah, street scene and old fortress.
- ✓ 19. Aq Chah fortress.
- 20. Steppe between Shibarghan and Andkhui, terrain typical of Turkestan plain.

✓ 21. Uzbek tents on Turkestan plain between Shibarghan and Andkhui.

○ 22. Ziarat Khwoja Du Koh between Shibarghan and Andkhui.

○ 23. Andkhui, governor's administration building.

MAIMANA-HERAT AREA

24. Cultivated plain near Maimana, typical of terrain in Maimana area.

○ ✓ 25. Murghab River near Bušbai, between Bala Murghab and Qala Nau.

✓ 26. Northeastern approach to Sabzak Pass, looking back in a northerly direction.

○ 27. Top of Sabzak Pass, looking back down the road in a northerly direction.

X ○ ✓ 28. Main highway into Herat near Karokh. Low hills and very broad valleys typical of terrain in Hari Rud Valley area. Precise location believed to be near Geje, west of Badamtu, northeast of Karokh.

○ ✓ 29. Karokh, facing north. Low hills and broad valleys are typical of terrain in Hari Rud Valley.

✓ 30. Melon cultivation near Karokh, Herat area.

BAMIAN-KABUL AREA

31. Bamian town, from top of Buddha.

32. Bamian River, along main highway between Bamian and Pul-i-Khumri.

33. Bamian in April, facing South. Shahar-i-Gholghola in foreground across river, Koh-i-Baba Range in background.

✓ 34. Ghorband Valley between Chardeh Ghorband and Jabal us Siraj.
